Date: 6/23/15 **Time:** 1559
From: Edwin G. Buckner, PE
Waste Enforcement and Materials Management Branch
Phone No: 605-217-2011
To: Melody Russo, Senior Environmental Engineer
Nulex, Inc. Sergeant Bluff, Iowa, IAR000007310
Subject: May 26, 2015, Extension to 90-Day Accumulation Period

Ms. Russo called to let me know that the hazardous waste in question would be shipped off site on June 24, 2015. The extension stated that the EPA understood the waste would be shipped "sometime prior to June 24, 2015." The letter then provided for "an additional thirty days to accumulate the hazardous wastewater." Ms. Russo was concerned that the waste was being shipped on June 24 instead of prior to June 24. I assured her it wasn't a problem and the intent of the extension was being met.
